The Apartment Collection

Luxury Park-Side Apartment — Living

Inline with the residences at Ashbury Terraces, the apartment collection has been designed to bring a new era of residential excellence to Sydney's inner west.

Woven seamlessly into the surrounding suburb of Ashbury, the naturally inspired 1, 2 and 3 bedroom apartments have all been thoughtfully curated to maximise space, sunlight and generous views of treetops extending all the way to Sydney's CBD.

The garden inspired Flora and Fibre colour palettes, developed by SJB's interior architects, tie together the residences and picturesque neighbourhood with effortless simplicity.

The Flora Scheme features soft pink and beige tones of delicate florals, while the Fibre Scheme highlights classic white and neutral tones.

“The Apartment Collection strikes the perfect balance of high-density apartment living and low-density suburban sprawl – the site provides residents with the individuality of a single home and the amenity of an apartment.”

Featuring plush carpets, the primary bedroom is a peaceful retreat to unwind in or retire to at a day's end. Select apartments enjoy direct balcony access with serene park views, as well as built-in robes and a delicate colour palette.

Both peaceful and practical, the bathrooms have been appointed with calming finishes, integrated storage and a large walk-in shower, while some also feature double vanities and bathtub.
